

CELEBRATING CENTENARIANS

Dr. Frank Shearer, 101

Dr. Frank Shearer circa 1939

Dr. Frank Shearer has practiced medicine for 50-plus years. He's been an active man whose pastimes have included horse-back riding, camping, fishing, flying (he's a private pilot) and water skiing, a sport he took up in the 1930s. He still water skis occasionally.

Dr. Shearer recently celebrated his 101st birthday at a large gathering of family and friends.
